SHED OFF MAN'S WOODEN LEG
The crew with great difficulty recovered the injured man from his position, and only succeeded after sawing off his wooden leg, which was fastened under the engine in such a way that was impossible to move the man otherwise. The accident occurred at about 5.45 and the engineer died at 8.00 on account of fright, his injuries consisting only of a slight gash in the forehead, the other four men left

The accident is the worst peculiar down on the railroad, and a similar accident could not be remembered by any of the oldest engineers on the road, the freight crew was Mr. McCall's son, Carter McCall, who also lives at Littlestown.

H. P. THORN'S
BARN BURNED

Midnight Fire Results Resultant
For Former Gettysburg Resident,
now Living in Maryland, West
Virginia.

Fire of unknown origin early Sunday morning completely destroyed the large barn and two horses of H. P. Thorn, of Marlinton, West Virginia, formerly of Gettysburg. The large lumber yard of Mr. Thorn, together with his industries and business place in the vicinity of the barn were in danger but were saved by the energetic work of the Marlinton Fire Department.

The fire was not discovered until it had gained considerable headway and before any alarm was given Mr. Thorn was aroused by the cry of fire, and running to the window of his room near the residence, he saw his barn on fire, and without waiting to dress, and in his stocking feet, ran to the barn which is not more than a hundred feet from the Thorn home.

The upper part of the barn was in flames but Mr. Thorn went into the building to save the saved load of horses and ponies which he kept there. The two ponies were quickly liberated and he got out of the barn before, but by this time the flames had leaped into the mangers setting fire to the hay there, and he was forced to leave other two in their fate. One of the rescued horses was so badly burned that it had to be killed.

Mr. Thorn had barely left the building when the blazing upper story crashed into the lower part of the barn. His escape from serious injury, and perhaps death, was remarkable. He sustained only minor burns to his hands.

The horses burned were a pair of grays valued at not less than \$600. In addition to these twelve sets of harness, traps, and barrels of corn, 10 tons of hay and numerous miscellaneous articles were burned. The loss was about \$8000 with \$7000 insurance.

Prof. Thorn, and Mr. and Mrs. John Thorn, of this place went to Marlinton Sunday when they heard of their neighbor's hard luck.

INGERSOLL QUILTS
\$10,000 JOB

Well Known Gettysburg Actor Quits
Engagement with Orpheum Players
at Philadelphia. Wanted \$21
Extra.

Gettysburg people will note with interest the resignation of William Ingersoll as leading man with the Orpheum Stock Company, Philadelphia. Mr. Ingersoll has his summer home, "Pleasant Lodge," on the Fairview road west of town.

According to the account given by Morris Nebeker, press representative of the company, Mr. Ingersoll had resigned because he was not paid extra for a matinee performance on Thanksgiving Day.

"We were paying Mr. Ingersoll a salary of \$800 a week for 40 weeks and giving him five weeks off each year. That meant he was getting \$1000 for 40 weeks—a better salary than is paid any other actor in stock companies in this country except, possibly, in David Belasco's California stock company. He quit because we would not pay him \$50 for some extra work that may not be well paid as he was ought to have been paid to do."

Mr. Nebeker said that Mr. Ingersoll had been the leading man of the company since its first performance in September, 1907, but that he now began to manifest signs whenever the piece put on was one in which the leading woman was mostly in the center of the stage. This, said Mr. Nebeker, had finally made him miserable for the whole management, despite Mr. Ingersoll's acknowledged ability.

Mr. Ingersoll was requested immediately after the play on Saturday night to remove his belongings from his dressing room by 10 o'clock. The action was taken, it was said, because it was found that Mr. Ingersoll would cause dissension in the performance during his last week.

Mr. Ingersoll's explanation of the action was that the management feared the audience this week would make a demonstration in his favor.

MERCHANTS HOLD MONTHLY MEETING

Officers were taken up at the monthly meeting of the Merchants' Association, held at the Hotel...
Daily Meeting.

At the regular monthly meeting of the Merchants' Association held Friday evening a number of matters of importance to the body's business were transacted. It was decided to return \$100 in the First National Bank building for one year. The main has been used as a warehouse and was furnished by John A. Cox who offered the use of furniture to the association free of charge. The offer was gratefully accepted. It was agreed that all grocery, dry goods and shoe stores close at 6 o'clock every evening except Saturday during the month of January and February. There was no motion to this by a few of the merchants but they submitted to the majority.

The matter of increasing the dues was discussed and it was decided to raise the minimum dues at 25 cents per month. The scale is to be arranged by the president and secretary.

The association, having in charge the matter of securing better accommodations for the city in getting up at the first year's national Grand Army convention held at Atlantic City reported encouraging progress and said that the merchants had agreed to take up the matter with Western Union.

John W. Baber was admitted as a charter member of the association, having been one of the first of Baltimore and Annapolis which entered at the time of its organization.

The matter of certain parties, not members, keeping open their place of business on Sunday was discussed. The "booster" committee held over their report until the first meeting after the shops of which time activity along this line will be started. The advertising committee did not meet.

A number of other matters pertaining to the welfare of Gettysburg were taken up and when taken, but reserved from publication.

EDWARD BAKER KILLED BY FALL

Century Man Falls from Third Story of Building in a Fence and Dies from Injuries. Fellow Workman's Narrow Escape.

Lingering mortal with fatal injuries. Contractor J. Edward Baker, of Emmitsburg, died at his home last night from the effects of a fall from the third floor of the Gettysburg building in course of construction in this town. He sustained three broken ribs and a number of internal injuries.

Mr. Baker, with George Thayer, was working upon the roof when the accident happened. He was holding a heavy plank under and at the same time was studying a step ladder on which stood the building with his back to the ladder. In some way the ladder slipped and he fell, and it was weight there on his back from his balance and he fell. An unavailing effort to catch hold of the building turned his body and he fell on his head, striking on the side of the head and the falling, the ground, he struck his head on one of the framework of the building.

He had been working on the roof of the new house being for a short time from his home in this position. All of the workmen had been ordered to stop work by Mr. Baker and he was directed to his home, which fortunately was but a short distance from the building.

Dr. Stone was summoned and the body was taken to the hospital. It was found that the internal injury was too severe and he died on Wednesday 48 hours after the accident. Mr. Baker died at his home in Emmitsburg.

For many years he was Emmitsburg's leading contractor and builder. He was aged forty-one years, nine months and twenty-nine days. There survive him his widow and four children, two brothers, Messrs. Joseph and Charles Baker and one sister, Mrs. William Graham. The funeral was held Friday morning in St. Joseph's Church. The interment was made in the churchyard at Emmitsburg.

**YOU GET WHAT YOU GIVE
AWAY AND THIS IS ABSOLU-
TELY TRUE OF CHRISTMAS
CHEER.**

There are many ways to help give and get this Christmas cheer and one sure way is this.

You can't get the full force and effect of giving Christmas cheer unless you put your money where it should go—to your neighbors, the merchants of the home community. Then all your efforts have been expended in the home community there comes the feeling of having been true to yourself and the home town and that all your efforts have been towards the fullest development of Christmas cheer at home. Then there will creep into the soul the cheer you have been living away.

McKerrystown's Alleged Highwaymen Discharged on Account of Lack of Sufficient Evidence. Justice Issues Warrant

On June 2, 1962, according to the report of Miss Mary Small, 11 p. m., she was returning to her home at Midway, accompanied by her brother, Neal Small, John and Grover Gombor, Ben and Horace Legare, when a man jumped from behind a barbed fence in front of a vacant lot. "The man wore a dark overcoat and cap and was about the size of William Small," she recalled. "Miss Small was frightened, the aid by the man jumping over the fence near her that she started to run, and after running short distance fell to the ground."

After other witnesses were called, small denied the charge preferred against him and, for want of sufficient evidence was discharged.

During those years it has been impossible to suppress Russian propaganda in these nations in the thinking of the artists. First the Chinese film industry company was founded in the spring of 1970, which began its work in 1971, and was supported by the state under the new government system.

The films for the government were directed by the state committee, so that they

its sole purpose is to insure the small business as well as the most affluent member who has a home that the Corporation is designed to be profitable. The company takes care to insure the protection for thirty-three years and carries an insurance of \$6,370,000 at an average cost of 21 cents per \$100 of actual insurance for thirty-three years, which is 18 cents less per \$100 than the average cost of 39 cents for the greater duration of 40 years. The company is licensed to do business in Pennsylvania for a period from 2 to 7 cents less per \$100 than the average cost in all other companies doing business in Connecticut for the same length of time. The average cost in all mutual companies is 39 cents per \$100. The company is for the last time in Philadelphia.

"Our country," says the grange, "has lost to the National Fire Protection Association the right to be the national fire insurance organization. In 1976, the NFPA received \$1,000,000 in federal aid, while the Grange received only \$100,000. It is doubtful whether any other national organization has contributed a larger amount."
